New advances in pain and symptom management (and a few old tricks) can make a big difference in an end-of-life experience. Dr. Bray shares from his experience and his recent training at the **American Academy of Hospice and Palliative Medicine Board Review Course**.

Co-morbidities are sometimes very important pieces to the puzzle of hospice enrollment. This presentation will help you to put all the pieces together to make the right referral at the right time.

At the end of this educational activity, participants should be able to:

- 1) determine which patients under their care meet the eligibility requirements for hospice enrollment;
- 2) identify three key principles of pain management for terminally ill patients.

CME INFORMATION

Providence Health Care is accredited by the Washington State Medical Association CME Accreditation Committee to sponsor continuing medical education activities for physicians.

Providence Health Care designates this educational activity for a maximum of 1 hour in Category 1 to satisfy the relicensure requirements of the Washington State Medical Quality Assurance Commission.

Providence Health Care designates this educational activity for a maximum of AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.
